

Vote for BJP

# Under the BJP rule, India has already moved forward.

## Can Maharashtra be left behind?

Ever since the BJP has come to power under leadership of Shri Narendra Bhai Modi, India has moved forward on all fronts. While the real 'Acche Din' are yet to come, 'Bure Din' of Congress Raj are certainly over. Some select accomplishments of Shri Narendra Modi's government thus far:

**1 Make in India:** The Central Government has begun a strong initiative to increase production in India, create jobs, and improve the strength of the Rupee.

**2 Controlling inflation:** The Central Government took aggressive steps to reduce exports of food products – hence, we were able to avoid further increase in prices in spite of the poor monsoon.

**3 Putting Government to Work:** Shri Modi ji personally works for over 14 hours every day, and has ensured that the entire government works hard too, to serve the public. Babus are coming to work on time and slowly, but surely, India's bureaucracy is working to serve its people, not rule its people.

**4 Changing laws that hamper business:** Shri Modi ji has ordered a review of all laws and regulations which hurt business and hampers job creation. Already, labour laws have been streamlined for companies with less than 100 employees, and all departments have been told to stop 'inspector raj'. Simplification of environmental laws is being considered – 'red tape' is turning to 'red carpet'.

**5 Improving India's image internationally:** In a short span of time, Shri Narendra Bhai Modi has ensured opening of the BRICS Bank, established better relations with our neighbours by inviting them for his oath ceremony and visiting Bhutan & Nepal, visited Japan and created tremendous interest in India, hosted the Australian Prime Minister and concluded a nuclear deal, hosted the Chinese President, and is now visiting America. India has regained its rightful place as an important nation in the world.

**6 Inspiring our scientists & Armed Forces:** Shri Narendra Bhai Modi is a strong supporter of national security. On invitation of Shri Mangal Prabhat Lodha, he came to Mumbai on 27th January, 2014, to honour over 100 gallantry award winners who fought valiantly for India. Since taking office as Prime Minister, he has strongly supported the Army, Navy and Air Force, and ensured that defence procurement is streamlined. He has also strongly supported our scientists at ISRO and inspired the nation to value these silent soldiers.

**7 Making life simpler:** Income tax exemption limit was raised, Smart Cities' vision has been unveiled, 'Tatkal' booking in railways has been simplified, Provident fund limits have been increased so that the salaried can get safer returns, and much more.

### THE RESULTS ARE IN FRONT OF US:

GDP GROWTH HAS GONE UP FROM 4.7% IN JAN 2014 TO 5.7% P.A. IN AUG 2014

INFLATION HAS FALLEN FROM 8.79% IN JAN 2014 TO 7.31% IN JUNE 2014

SENSEX HAS GONE UP OVER 30% FROM FEBRUARY TO AUGUST 2014

This is a golden opportunity to have a majority BJP government in Maharashtra and enjoy the direction and leadership of Shri Narendra Modi.

BJP ko Maharashtra mein mat dekar, humein Maharashtra ki Janata ko Sushan dene ka mauka dijiye. Mumbai aur Delhi ki Sarkar milkar bahut kuch kar sakte hain.

**Abki Baar, BJP Sarkar.**

Mangal Prabhat Lodha  
BJP Candidate,  
Malabar Hill  
Assembly Constituency
